THE MOST WONDERFUL Discovery of the Age. THIS remarkable preparation contains no slooholie stim-I ulent, no essential oil, nor one unhealthy drug. It does not color the hair, but acts upon the recretions and secretive organs, so as to supply the former with the necessar coloring matter, and upon the latter, so as to complete restore their impaired or lost functions. All this the propri etor has a right to say, for it has done all this for him. the age of thirty-seven he was as gray as the man of seventy, and his hair nearly all fallen off; but he now has an shundant crop, and no person would ever imagine that he ever had a gray heir; and his hair is as soft and pliable as though it had been recently oiled. This is not an isolated case; it has done the same for many others, as the following

certificates abundantly prove. St. Paul, Jan. 1, 1855. Prof. O. J. Wood—Dear Sir: Unsolicited 1 send you this certificate. After being nearly bald for a long time, and having tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours, to give it a trial. I placed myself in the bands of a barber and had trial. I placed myself in the bands of a barber and had my head rubbed with a good stiff brush, and the Restorative then applied and well rubbed in till the scalp was all a glow. This I repeated every morning, and in three weeks the bung hair appeared, and grew rapidly from August last up to the present time, and is now black, thick and strong—soft and pleasant to the runch, whereas before it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Restorative about twice a week, and shall soon have a good and perfect crop of hair. Now I have read of these things—and who has not?—but have never hitherto seen any case in which any erson's bair was really benefitted by the aid of the hall tonics, &c., of the day; and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others, and it already has a large and general sale throughout the Territory. The people here saw its effects and have confidence in it. All who have used it here will coincide with me in what I have written. The supply you sent us as the wholesale agents of the Territory is already exhausted, and daily inquiries are made for it.— You deserve credit for your discovery. I, for one, return you my thanks for the benefit it has done me, for I certain! ad despaired long, long ago of ever effecting any such re
